FAIR CYCLIST 200 POUNDS RODE DOUBLE CENTURY.

Miss Seward Says She Enjoyed the All Night Run.

About one hundred cyclists finished the double century run yesterday at Bedford Rest and among them was Miss G. Seward, who weighs 200 pounds. She said she enjoyed the run immensely and didn't feel fatigued. The run was started at 7 P. M. Saturday. The bright moonlight and the clear weather made the first run of one hundred miles a delightful outing for the riders, who numbered about 100. More than two-thirds of these cyclists and took part in the second round of the course.

The course for the moonlight run was as follows: From Bedford Rest, via Jamaica, Freeport, Amityville, Valley Stream, Freeport, Hempstead and back to Bedford Rest, where the first division arrived at 5.30 A. M.

At 6 P. M. to finish the double century was made. The cyclists who did so, completed a five-hundred-mile run.

GIRL SWIMMERS FORM WATER POLO TEAM AND WANT TO BE CHALLENGED.

There are many young women who are expert swimmers and up to a hard, long race, but until recently water polo was considered a sport entirely too strenuous for the strength and endurance of the fair sex.

Water polo is perhaps best described as a game in which the players almost drown each other. When you have the ball your opponent tackles you, thrusts you under the

water and is allowed by the rules to hold you there if he can until you release the ball and it appears on the surface. So play consists of a series of fierce "ducking" matches which

sorts of stories have been circulated concerning the Giants of next year. They go so far as to give the line up for 1903. Here is the way they give it out:

Cronin, Wright, McGinnity, Taylor, Waddell and Mathewson, pitchers; Bresnahan, Bonis and Smith, catchers; McGinn, first base; Padden or Layde, second base; Wallace, short stop; McGraw, third base; Lauder, extra base; Burket, left field; Hedrick, center field; Flick, right field, with Fultz as an extra outfielder.

In answer to it McGraw only says: "I haven't said a word about who I have signed, and I do not intend to. That is a mighty fine makeup, but don't say New York will have it that way next year."

From Washington comes the news that all the stars of the American League had formed an organization to throw McGraw out of baseball and refuse any offer to go to New York as McGraw is at the head of the team.

"That is foolish," said McGraw. "All those fellows are my friends and my team except has been formed. I just came from Washington yesterday, and if such an organization were being formed I'd know about it."

Lord Derby and The Monk Just Jog Around to Qualify for Boston Challenge Cup Race.

(Special to the Evening World.) SARATOGA, Aug. 18.—When the association announced that its admission race would be \$3 there was a prolonged howl from the ranks of the faithful.

From one end to the other every seat was filled, and the grand stand was packed and the promenade was lined three deep with people holding their places in order to see the races.

The ring, on the contrary, was never uncomfortably crowded, which proved that the greater portion of the crowd came to the track for pleasure and not for the purpose of speculating on the races.

Such a thing as an over-crowded grand stand has never before been heard of here, and it must be borne in mind that the grand stand opening duty here now is almost half again as large as that which graced the old track.

This English Idem. It is generally believed that racing associations in this country will gradually accept the English plan of having spacious inclosures at various prices. If this is suggested or attempted there will be an outcry on the part of the pessimists that racing is becoming the playground of the millionaires and the playground of the millionaires.

There are already three inclosures now on the various race tracks. There is the cheap end, where one may see the races at one-third the price of the grand stand. Then there is the middle end, which suits the masses, and the club-house for the wealthy.

It is perfectly natural that wealthy people should prefer the exclusiveness of the club-house and it is perfectly proper that the racing associations provide such a place for their comfort.

There is no one who goes to the races who would not, if he could afford it, have his own box in the club-house, his own luncheon table reserved and have plenty of room to move about in ease and comfort.

A man may enjoy these things without necessarily being a snob or an aristocrat. He pays for them to insure his individual comfort just the same as a man pays a park or car seat in order to be comfortable and have the

NATIONAL TENNIS TOURNEY BEGINS.

Biggest Event of the Season at Newport Is Given an International Flavor This Year.

NEWPORT, Aug. 18.—The biggest and most important tennis event of the year begins to-morrow at the Casino. It is the twenty-second annual tournament for the American championships. It is one of the most important events of the year, more of an international event this year, owing to the appearance in competition of the Doherty brothers and Dr. Pim, the English expert. In all eighty-three players are entered.

The draw, which was made by Referee Dwight at Newport last Friday, was entirely by chance, as required under the last ruling of the U. S. N. L. T. A., which forbids "seeding" in any form. The result favors the American players distinctly, for the three Brit
